Michaels-Gold Metal Binder Clips by Recollections

Michaels-Celebrate It Silver Metallic Wired Edge Ribbon (3/8")

Michaels-Celebrate It Tiny Treasures Mini Ornaments

Box Base (Cut 2)

Cut 2 pieces of Garden Green Cardstock 8 3/4" x 6".

Score on each side at 2".

Cut a small strip from each tab. This step keeps the tab from sticking out from top of box for a neater look.

Place Tear n Tape on both boxes as shown. This step is optional but will help with stability of box. The second box will not have the LONG strip on it.

Cut to the score line on both long sides.

Fold on all score lines.

Remove Tear n Tape cover on tabs.

Working with one side at a time, place TomBow Glue on 2 tabs.
Do not put glue on top of Tear n Tape.

Fold tabs to inside of box and press into place.

Repeat for the other side.

Let Dry.

Make the other box.

Remove the Tear n Tape cover from the one box and place Tombow glue on this side. Do not put glue on top of Tear n Tape strip.

Align the boxes and press together

Cut Cherry Cobbler strips-

4 ½" x 1 ¾" (cut 2)

3 ¾" x 1 ¾" (cut 2)

Cut DSP strips-

4/14" x 1 5/8" (cut 2)

3 ½" x 1 5/8" (cut 2)

Assemble as shown

Place Tear n Tear and Tombow glue on strips and attach to boxes as shown. This reinforces the sides of the boxes and provides stability for whatever weight you may put in it.

HANDLE

Cut 2 Garden Green cardstock 4 ¼" x 6"

Round corners with Stampin' Up! Envelope Punch Board or Stampin' Up! Punch.

Place Tear n Tape on top half of one of the cut pieces. Leave bottom 2" free of tape at this point.

Remove Tape cover and press together. For more stability also place glue on top half of one piece before pressing together.

For the handle, place the Layering Ovals Framelits about ½" from top and run thru the Big Shot.

Spread the 2 pieces apart and place adhesive and glue on bottom 2" of both halves. Straddle them of the center of the two boxes and line them up with the bottom of the box. Press down firmly. Let Dry.

Finally, cut 3 labels with the Lots of Labels Framelits as shown. Stamp sentiment with Iconic Christmas Stamp set. Assemble labels as shown and glue to front of carrier.

Decorate Carrier as you desire.
